

## Do you provide 2-1-1 services to your community?

Andar/360's Information & Referral (I & R) module provides an easy-to-use Web interface that allows agency personnel to manage their own program data subject to your approval. The module provides secure online access to your I & R program – immediately enhancing its effectiveness and providing valuable information to potential clients 24 hours a day.

**Our Information and Referral software module will keep all your program information up to date while lessening your workload.**

## Andar/360 Information & Referral (2-1-1) Module

### Features & Benefits:

- Significant reduction of staff effort required to maintain current community program information.
- Powerful administrative tools that automate and manage agency program updates.
- Easy online registration for agencies.
- Accessible to the community at large – 24/7. Individuals needing services can easily seek information on their own through the Internet.
- Enables pre-authorized caseworkers access to additional information not available to the general public – such as shelter addresses and other contact information.

Andar/360 is a cost-effective, fully integrated suite of products that addresses the strategic objectives of nonprofits, including fundraising, online donations, constituent relationship management, volunteer matching, I & R (2-1-1) management, community impact, and more.
